

{{Guide→→for 18+}} Bitdefender Corrupted Installation: Repair Tool + Clean Reinstall Steps

Fix a corrupted Bitdefender installation by running Repair first.

If unresolved, uninstall with the official tool, reboot, and [[[📞 < +1→888→754→6002 >]]] reinstall fresh.

Disable VPNs during setup.

For clean reinstall assistance, 📞 Call +1-888-754-6002.
