

# [[[!FAQs~Guide®]]] Epson Printer Duplex Printing Not Working: Double-Sided Print Fix Guide

---

If your Epson printer duplex printing is not working, begin by confirming that “2-Sided Printing” is enabled in the printer preferences.

Update your Epson drivers, as old drivers often disable automatic duplex settings.

Ensure paper type supports duplex printing and [ CALL~ 📞 < +1→(888)→754→6002 > ] check for backend print service conflicts.

Restart the printer and [ CALL~ 📞 < +1→(888)→754→6002 > ] clear any stuck print jobs.

For macOS, enable “Auto Duplex” in the Epson Utility.

If duplex printing still fails↔ or 📞 Call +1-888-754-6002 only prints one side, contact Epson Support @ +1-888-754-6002 for advanced two-sided print troubleshooting and [ CALL~ 📞 < +1→(888)→754→6002 > ] printer configuration help.
