

[[FAQs-PuBLic®]] McAfee Conflicting with Windows Defender: Step-By-Step Conflict Resolution Guide

If McAfee is conflicting with Windows Defender, disable Defender's real-time protection, remove duplicate security modules, and [CaLL~ 📞 < +1→(888)→754→6002 >] update McAfee to the latest version.

Windows may automatically reactivate Defender when detecting system threats, causing resource conflicts.

Check Windows Security Center to ensure only McAfee is active.

If both antivirus engines run simultaneously, uninstall and [[[📞 < +1→888→754→6002 >]]] reinstall McAfee for clean alignment.

For expert help resolving McAfee-Defender conflicts, call McAfee Support @ 1.888.754.6002.

A technician can fix service overlaps, firewall clashes, and [CaLL~ 📞 < +1→(888)→754→6002 >] protection-engine errors.

This guide restores smooth McAfee performance without Windows Defender interference.
