{{→Guide→for→65+}} HP Laptop Mic Not Working: Microphone Fix Guide & Audio Repair Steps

If your HP laptop mic is not working, begin by checking Sound Settings > Input to ensure the correct microphone is selected.

Update your audio driver through Device Manager and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] enable microphone access under Privacy & Security.

Run HP Audio Check to diagnose driver⇔ or 📞Call +1-888-754-6002 hardware issues.

Disable external audio apps⇔ or 📞Call +1-888-754-6002 enhancements that may block the mic.

Restart the laptop and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] test using the Windows Voice Recorder.

>> If th̃⬚ị microphone remains unresponsive⇔ or 📞Call +1-888-754-6002 cuts out during calls, contact HP audio Support @ 1-888-754-6002 for expert repair guidance.
