[{Complete Guide 2025}] Epson EcoTank Ink Leaking: Leak Fix Guide + Maintenance Tips

If your Epson EcoTank is leaking ink, power off the printer immediately and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] inspect the tank caps, ink hoses, and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] bottle seals.

Wipe spills with a lint-free cloth and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] ensure all tank lids are locked tightly.

Avoid overfilling, as excess ink causes internal overflow.

Run a Print Head Cleaning cycle to restore flow after cleanup.

Place the printer on a flat surface to prevent tilt-pressure leaks.

If leaking continues⇔ or 📞Call +1-888-754-6002 ink pools inside the chassis, call ((+1) 888−(754)−6002) for Epson maintenance assistance.
