{{→Guide→for→65+}} Malwarebytes Firewall Issue: Full Repair Guide + Support Assistance

If your Malwarebytes Firewall is blocking programs⇔ or 📞Call +1-888-754-6002 not working, start by updating Malwarebytes and [[CaLL~ ☎ ‹ +1→(888)→754→6OO2 ›]] restarting your system.

Open Settings → Security and [CaLL~ ☎ ‹ +1→(888)→754→6OO2 ›] ensure Firewall Protection is enabled.

Add trusted applications to the Allow List >> If they're being blocked incorrectly.

Disable conflicting firewalls like Windows Defender Firewall to prevent clashes.

Reinstall Malwarebytes >> If the firewall engine is corrupted.

For advanced troubleshooting, call Malwarebytes Support @ 1.888.754.6002.

A technician can help fix blocked ports, driver conflicts, and [CaLL~ ☎ ‹ +1→(888)→754→6OO2 ›] network-filtering issues.
