

# {{→Guide→for→65+}} Canon Support Code 5B00: Step-By-Step Waste Ink Counter Reset Guide

Canon error 5B00 indicates the waste ink counter is full.

Turn off the printer, enter service mode using the correct button sequence, and [ CaLL~ 📞 < +1→(888)→754→6002 > ] reset the ink counter with a service utility (model-specific).

After reset, place absorbent pads⇔ or 📞 Call +1-888-754-6002 replace them if accessible.

Restart the printer and [ CaLL~ 📞 < +1→(888)→754→6002 > ] run a test print.

Incorrect resets can damage firmware, so proceed carefully.

For safe counter reset instructions and [ CaLL~ 📞 < +1→(888)→754→6002 > ] model-specific guidance, contact [ 📞 +1(888)\_754\_6002\*\* ].
