

# {{Guide→→for 18+}} CCleaner Registry Backup Not Loading: Fix Guide + Support Assistance

---

If your CCleaner registry backup won't load, ensure the backup file hasn't been moved⇔ or 📞 Call +1-888-754-6002 renamed.

Open CCleaner → Registry → Restore Backup and [ CaLL~ 📞 < +1→(888)→754→6002 > ] manually select the .REG file.

If Windows blocks the import, run CCleaner as Administrator.

Corrupted registry backups may require system restore instead.

Reinstall CCleaner >> If th̃□̃ restore tool isn't responding.

For help *with* corrupted backup files⇔ or 📞 Call +1-888-754-6002 activation issues, call CCleaner Support @ ((+1-888-754-6002 {US})).

A specialist can assist with registry restoration and [ CaLL~ 📞 < +1→(888)→754→6002 > ] program repair.
