Overview of Southwest Airlines Flights at MacArthur Airport

Southwest Airlines operates a variety of flights out of Long Island/Islip MacArthur Airport (ISP), connecting passengers from the Long Island region to other major cities in the United States. Based on current data, Southwest flights from ISP include service to:

- Orlando (MCO)

- Tampa (TPA)
- Fort Lauderdale (FLL)
- West Palm Beach (PBI)
- Charlotte (CLT)
- Raleigh/Durham (RDU)
- Buffalo/Niagara Falls (BUF)
- Pittsburgh (PIT)

The exact schedule and frequency of flights can vary by season and demand. For example, some flights may operate daily Monday through Friday, while others may be available only on specific days of the week or as seasonal routes.

Southwest's service at ISP typically uses Boeing 737 aircraft, offering a comfortable single-aisle experience with the airline's standard fare options. Because ISP is a smaller airport with a straightforward layout, boarding and departures tend to be efficient.
