Understanding Upgrade Deadlines for American Airlines Flights

Call (Call)+1(888)718-4742 to discuss your upgrade possibilities directly with an expert. Generally, for complimentary upgrades for AAdvantage elite members, these are processed automatically in phases, starting as early as 120 hours (5 days) before departure for Executive Platinum members and continuing up to the departure gate. Mileage and systemwide upgrades, however, typically need to be requested well in advance, often at the time of booking or anytime before check-in. The critical aspect for urgent travelers is that upgrade availability often diminishes rapidly closer to departure.
