Presenter Information

Elisabeth Shaw, CEO Relationships NSW

Elisabeth is a clinical and counselling psychologist with extensive experience in relationships services, having built her whole career around this skill set. She has taught in Masters programs at ACU, UNSW and Newcastle universities in areas of clinical practice, management and professional ethics, and routinely presents and publishes work in these areas. She is a senior consultant at The Ethics Centre, a graduate of the Australian Institute of Company Directors, and chair of the board of Settlement Services International.

Ken Zulumovski, Gamarada Director

Ken Zulumovski Hon DHSc (USyd) received the honorary award of 'Doctor of Health Sciences', in 2019 by the University of Sydney for his outstanding contribution to Australian society. Gamarada Universal Indigenous Resources (GUIR) specialises in program co-design and delivery, coaching, mentoring, cultural supervision and organizational capacity building with the GUIR COURAGE Coaching Model. The model combines Wisdom Traditions with Western behavioral science and elements of military leadership. GUIR works to promote community cohesion with a focus on marginalised groups who may be at risk of radicalisation.

Jacki Short, Clinical Director Sydney Centre for Creative Change

Jacki is a registered counselling psychologist and play therapy supervisor with over 25 years experience in counselling, supervision, group work and training. Her work in schools, hospitals, welfare organisations, drug and alcohol agencies and in private practice has inspired Jacki's belief in the power of imagination, positive, play and possibilities.

Associate Professor Tim Hannan

Tim is a clinical psychologist and neuropsychologist who has worked in diverse areas of psychology, including ten years in public health and nine in tertiary education, along with a decade in full-time or part-time private practice. The majority of Tim's career has been in the field of child and adolescent psychology. He obtained his first job in community health, and subsequently worked at each of Sydney's children's hospitals. Through these positions, he developed a keen interest in the clinical and neuropsychological assessment of childhood disorders, and the application of this work to the delivery of effective, evidence-based therapeutic services to children and their families.
