POINT SCORE

- Allocation of points in pool games will be:
 - Win 3 points
 - Draw 2 points
 - Loss 1 point
 - Forfeit 0 points
- In pool games 3 minutes of extra time will be played. The last one minute will be fully timed (clock stops on all whistles). Each team will be allowed one additional time out per period. If the game is still drawn the result will stand.
- Ties for overall positions after all pool games will be decided on in the following order:

Where there are 2 teams on equal points after pool games:

- a. Head to Head Method – the team that won the head to head meeting of the two teams will be ranked higher. If the game between the two teams was drawn then:
- b. For and Against – using total points for ALL pool games (Points for divided by points against multiplied by 100). The team with the higher calculated for and against will be ranked higher.

Where there are more than 2 teams on equal points after pool games:

- a. Head to Head Method – the teams will be re-ranked for win/loss taking into account ONLY the games that involved those teams. If this method still has teams equal then:
- b. For and Against – using total points from pool games involving the tied teams only (Points for divided by points against multiplied by 100). The team with the higher calculated for and against will be ranked higher. If this method continues to provide a tie then the For and Against method will be used taking into account ALL pool games.

TIMING FOR ALL GAMES

- Games will be played in 2 x 20 minute running clock halves. Half time will be 3 minutes.
- A 24 second shot clock will **not** be used in any games
- Each team will be permitted to take two timeouts per half and the clock will stop.
- The last minute of the second half will be fully timed and will stop for all whistles and made baskets.
