The 2013 Sydney Regional Qualifier went ahead with minimal fuss and only one concerning incident. On day 1 the convener was called to a court by the referees to deal with an overzealous and abusive parent.

For the first time in years there were NO negative reports regarding the standard of refereeing. I feel that this was due to the assistance the Basketball NSW provided in sourcing the referees and the on ground support personnel who were there managing them.

There continues to be issues with teams withdrawing right up until the day before the tournament and an instance of this required a draw change the day prior, which is not ideal for anyone involved. Remedies or deterrents for this should be discussed at the AGM.
