

FITZGERALD RIVER NATIONAL PARK

One of the largest and most botanically significant national parks in Australia. Within the park are found nearly 20 per cent of WA's flora species, many of which occur only within its boundaries.

The park features a tantalising variety of landscapes to explore from rolling plains, colourful breakaways, rugged peaks and headlands to stunning bays and inlets.

National Park Entrance Fee is required for all vehicles into the National Park – Concession available

Day Entry Pass available at the entrance to the park on Hamersley Drive

Local, Holiday & Annual Park Passes available from the CRC or Deck Treasures

Check the Road Conditions

Road Condition Reports available from the CRC.

Road access information boards are at the start of Hamersley Drive and John Forrest Road.

Ring East Mount Barren ranger 9838 3060
