Net Session Plans

1 - 10

5 - 6 years
Suncorp NetSetGO is Netball Australia’s entry level program. It teaches children the basic skills of netball.

It gives children aged 5 to 10 a positive introduction to netball, through skill-based activities, minor games, music, dance and modified matches.

The program promotes a healthy, active lifestyle and helps children develop important social skills, like team work.

With three tiers Net, Set and GO, the program is designed especially for children to transition into junior netball with confidence.

The program is easy to run and gives clubs and associations the chance to recruit new players and volunteers.
As part of each session plan, a number of activity cards have been designed to ensure a consistent approach to delivery, development, use of language and coaching for coaches delivering at a NetSetGO Centre.

What's on a card?

Objectives: Clearly defined netball-specific learning outcomes relevant to the activity. Coaches should base their delivery, support, discussion and questioning around these.

Start out/Get into it/Finish up: The format of each session is broken up into a warm up (Start out: 10–15 minutes), skill development and minor game (Get into it: 30–35 minutes) and modified game/cool down (Finish up: 5–10 minutes).

Equipment/area: What equipment and area is required to play the activity.

Group management: What group numbers are required.

Description: Provides simple instructions on how to deliver the activity.

Coaching tips: Provides key technical and tactical coaching points to guide coaching as participants are engaged in the activity. More detailed coaching points can be found in the appendix of this resource.

Change it: Ideas on how to change the activity to reflect the developmental stage of the group and individual. Down = Easier; Up = Harder.

Questions: Examples of individual and group questions that can be asked to develop awareness around technical or tactical aspects of the game.

INTRODUCTION

NetSetGO

Tier 1 - Recommended age 5 - 6 years
Focus: Learning and Acquisition of Fundamental Motor Skills
Delivery: Participants are introduced to a number of fundamental motor and netball skills in a netball environment. The activities are simple, require limited equipment and allow for maximum participation and repetition. Participants will experience fun and success by participating in age and developmentally appropriate activities and minor games that foster cooperation, teamwork and the ability to listen to and follow directions.

Tier 2 - Recommended age 7 - 8 years
Focus: Extension and Refinement of Movement
Delivery: The participant continues to progress and refine their fundamental movement and netball skills whilst being introduced to additional netball skills and basic netball strategies. This is achieved through a mix of activities, minor games and organised age-appropriate and modified sport. NetSetGO modified matches are introduced in this tier. The rules and equipment are adapted to help the participant build confidence and competency. Modified matches should be non-competitive (no scores, ladders or finals), with all participants provided with equal court time and the opportunity to play in a variety of positions. Learning and refining fundamental movement and netball skills via training activities should continue to be the focus in this tier.

Tier 3 - Recommended age 9 - 10 years
Focus: Netball Specific Skill Development
Delivery: The participant is introduced to more netball-specific skills as well as refining their fundamental movement skills. This is a period of accelerated development of coordination and fine motor control. It is also a time when children enjoy practicing skills they learn and seeing their own improvement. NetSetGO modified match rules are adapted at this level to provide a smooth transition into junior netball (adult rules) whilst ensuring the participants are achieving success. Modified equipment (size 4 ball and 2.4m goal post) is still an important adaptation for this tier as it allows for correct technique to be executed with greater proficiency. Competitive elements (like scoring) may be introduced however the focus should not be on winning. All participants should be provided with equal court time and exposure to a variety of positions.

Session Plans

Activity Cards

As part of each session plan, a number of activity cards have been designed to ensure a consistent approach to delivery, development, use of language and coaching for coaches delivering at a NetSetGO Centre.

Start out/Get into it/Finish up: The format of each session is broken up into a warm up (Start out: 10–15 minutes), skill development and minor game (Get into it: 30–35 minutes) and modified game/cool down (Finish up: 5–10 minutes).

Equipment/area: What equipment and area is required to play the activity.

Group management: What group numbers are required.

Description: Provides simple instructions on how to deliver the activity.

Coaching tips: Provides key technical and tactical coaching points to guide coaching as participants are engaged in the activity. More detailed coaching points can be found in the appendix of this resource.

Change it: Ideas on how to change the activity to reflect the developmental stage of the group and individual. Down = Easier; Up = Harder.

Questions: Examples of individual and group questions that can be asked to develop awareness around technical or tactical aspects of the game.

Minor Games

The minor game variations are included at each level of the program in the ‘Get into it’ sections. These invasion games allow players to practise and develop skills in a game-like environment without actually playing a match. Minor games may be modified by changing the rules, increasing or decreasing the activity space or setting time restrictions. The coach can decide whether they use the minor game identified in the session plan, or use their discretion to choose an appropriate variation based on the development of their players.

Pepper Pot Challenge

Objective
To develop accuracy of passing and catching under pressure.

Equipment/Area
Netball court or suitable playing area.
Size 4 netballs (or equivalent) or bean bags.

One ball for each team is placed in the middle of the circle.
Each player receives a number with a person on the opposite team receiving a corresponding number.
A number is called by the coach and these players move to the middle of the circle and pick up a ball. The players face their own group and pass in sequence as quickly as possible to each player in their team (designate the passing sequence – left to right or vice versa).
Once all players have received and passed the ball, the player in the middle holds the ball up high over their head to signal that their group has finished.
The fastest team to finish the passing sequence scores a point. Players return to their starting position and another number is called.

Safety
Define the area appropriate for numbers.

Coaching Tips
Head up, eyes on the ball.
Transfer weight forward.
Fingers forward and spread and thumbs behind the ball (‘W’ formation).

- 5 x Throw ball onto the wall and catch it after it bounces once
- 4 x Throw ball under one leg onto the wall and catch (two each side)
- 3 x Throw ball at a target and catch
- 2 x Bounce ball on the ground so it rebounds on the wall and catch
- 1 x Throw ball onto the wall and spin around to catch.

**Ten-Goal Shoot Out**

**Objective**
To practise goal shooting technique.

**Equipment/Area**
Netball court or suitable playing area.
Size 4 netballs (or equivalent).

**Group Management**
Groups of 4–5.

**Description**
Two even teams line up behind the leader who begins with the ball.
On command the player with the ball attempts one shot at goal, rebounds the ball and passes to the next person in their team.
Each person is trying to be the first to reach 10 goals. Teams should call the score out loud after each successful attempt.

**Coaching Tips**
- Ball is held above the head in dominant hand.
- Opposite hand may be used to steady ball.
- Bend knees and elbows, release ball and flick wrist.

**Safety**
Define the area appropriate for numbers.
Reinforce the importance of looking out for other players also moving within the area.

**Change It**
Down: Decrease distance from post.
Up: Increase distance from post; Set time limit.

**Questions**
What needs to happen so you can safely pass the ball to the goalpost?

Description
Ask players questions such as ‘how many players are on the court at once?’

Stretch!
Select an appropriate activity from the Stretch Coaching resource.

Golden River

**Objective**
To practise running and change of direction technique in a dynamic activity.

**Equipment/Area**
Netball court or suitable playing area.
Multiple sets of bibs.

**Group Management**
As a group.

**Description**
All players wear bibs of varying colours and line up on one side of the area.
One player stands in the middle of the area and plays the role of the wolf.
The group asks the wolf, ‘Mr Wolf, may we cross your golden river’. The wolf responds, ‘Yes if you are wearing yellow’.
Players wearing a yellow bib can cross the area safely, but players without the yellow bib aim to run across without being tagged.
Players caught join the wolf and assist in tagging other players.
The players then ask to cross again and the wolf responds with a different colour.

**Safety**

**Coaching Tips**
- Eyes looking forward.
- Shoulders in direction of movement.
- Push off outside foot.
- Body lower on change of direction.

**Change It**
Down: Reduce the size of the area to make it easier for the wolf and increase the size of the area to make it easier for the players.

Balance

**Objective**
To improve balance technique in a dynamic activity.

**Equipment/Area**
Netball court or suitable playing area.
Bean bags.

**Group Management**
Individuals.

**Description**
Complete each of the following standing on one leg then repeat standing on the other leg:
- Throw bean bag from hand to hand – high/low
- Throw to self in the air and catch
- Throw to self and clap once before catching
- Repeat, extending the number of claps.

**Safety**
Define the area appropriate for numbers.

**Coaching Tips**
- Eyes looking forward.
- Bend knees as required.

**Change It**
Down: Players can use another player or object to balance.
Up: Introduce a ball.

Golden Child

Objectives
To develop goal shooting technique.
To practise take off and running technique.

Equipment/Area
Netball court or suitable playing area.
Size 4 netballs (or equivalent).
Modified goalposts.

Group Management
Two teams.

Description
Divide the group into two teams of five to six players. The running team lines up on the goal line and the shooting team forms a line behind a marker in the goal circle. The shooting team takes turns to have one shot at goal and calls ‘stop’ each time they score a goal.

If a runner has not completed running around one third they must STOP and remain at that point. The next runner begins after a call of ‘stop’ or when the previous runner is back at the start. The running team scores one point when a runner completes a circuit. The last runner (the golden child) can ‘free’ any player stopped on the circuit by tagging them. Each time a runner completes the remaining part of the lap the team scores one point. If a goal is scored while the ‘golden child’ is running, the game stops and the teams change roles.

Shrink and Grow

Objective
To practise catching and throwing technique.

Equipment/Area
Netball court or suitable playing area.
Size 4 netballs (or equivalent).

Group Management
Pairs.

Description
In pairs, players pass back and forth to each other. If the ball is dropped, both players kneel on one knee. Subsequent dropped passes result in the players ‘shrinking’ to both knees/kneeling, and then finally sitting. After two consecutive successful passes, players grow again to standing, then progress to step back options (as per L-o-n-g Throw in the Coaching Resources).

Safety
Define the area appropriate for numbers, ensuring there is sufficient space between each pair.

Coaching Tips
Gain power and distance by stepping forward with opposite foot to throwing hand, rotating the hips and transferring weight from back to front foot. Non-preferred hand: Encourage players to also practice throwing activities with their non-preferred hand whenever possible.

Distance: Practise throwing for distance (sideline to sideline using a bean bag or knotted bib) as well as shorter distance throwing for accuracy.

Change It
Down: Use bean bags, tennis balls, knotted bibs.
Up: Use different types of passes; Add a defender.

Questions

How were you able to throw further?

Netball Tag

Objectives
To practise running and change of direction in a dynamic activity.
To practise passing and catching technique in a dynamic activity.

Equipment/Area
Netball court or suitable playing area.
Size 4 netballs (or equivalent).
Bibs.

Group Management
Groups of 10–12.

Description
Divide players into two teams and play in the centre third.

One team is designated Taggers and players wear a bib or tag.

Taggers cannot run with the ball. They must pass the ball to each other in an attempt to close the space and tag any of the free players with the ball. When attempting to tag players, the ball cannot leave the taggers’ hands or be thrown directly at players.

All other players must move around the space to avoid being tagged.

Work for one minute and swap teams.

Team with most tags is the winner.

Safety
Define the area appropriate for numbers.
Reinforce the importance of looking out for other players also moving within the area.

Coaching Tips
Running:
- Eyes looking forward
- Push off ground with ball of foot
- Back leg extends to push off and give more momentum
- Legs and feet move in straight line
- Arms bent at right angles at elbows
- Arms and legs move in opposition
- Body leans forward
- Knee lifts.

Change of direction:
- Eyes looking forward
- Shoulders in direction of movement
- Push off outside foot
- Body lower on change of direction.

Passing:
- Eyes on target
- Step towards target (this should be opposite foot to throwing arm for shoulder pass)
- Transfer weight forward
- Hip to shoulder rotation during throw
- Throwing arm follows through to target.

Catching:
- Eyes on the ball
- Hands towards the ball
- Fingers forward and spread and thumbs behind the ball (“W” formation)
- Pull ball towards the body.

Change It
Down: Increase the number of tagging players to running players to make it easier for the taggers; increase the number of running players to tagging players to make it easier for the runners; Make the playing area smaller.

Up: Increase the number of running players to tagging players to make it harder for the taggers; increase the number of tagging players to running players to make it harder for the runners; Make the playing area larger; The tagging group aims to make as many tags as possible in a defined time.

Objective
To practise movement skills in a dynamic activity.

Equipment/Area
Netball court or suitable playing area.

Group Management
Groups of 4–5.

Description
Form groups of four or five with one player nominated as the leader. Using the outlines of the netball court, the leader alternates between running, skipping, hopping, jumping, leaping and walking on tip toes along the line, with the participants copying the movement. Change leaders regularly.

Partner Pass and Balance

Objective
To practise balance techniques incorporating ball movement.

Equipment/Area
Netball court or suitable playing area. Size 4 netballs (or equivalent).

Group Management
Partners.

Description
Both partners balance on one leg with one ball between them. They pass the ball using the following passes:
- Around the body
- Bounce the ball
- Chest pass.

Safety
Define the area appropriate for numbers.

Coaching Tips
Bend knee as required. Eyes forward.

Change It
Down: Stand close to partner so the ball can be passed from hand to hand.
Up: Throw the ball further away from the centre of the body.

**Description**
Players stand in a semicircle facing the player holding the ball who chest passes to each person in turn.

The last person in the semicircle does not pass the ball back, they carry the ball to become the new front person. The previous front person moves to the start of the line to receive the first pass.

Ball Skills (cont.)

**Lob**
A high pass used to lift the ball over the arms of the defending players.

- **Teaching Points**
  - Start movement from the shoulder
  - Short back movement
  - One-handed high release
  - Follow through in direction of pass with wrist/fingers

- **Common Errors**
  - Ball begins at waist/hip level
  - Large ‘back swing’ movement
  - Ball released from chest position
  - No follow through, arm action ‘stabs’ pass

**Ball Placement**
An important aspect of all passes.

- **Teaching Points**
  - Place in front of moving player
  - Receiver to receive at full stretch, in front of defender
  - Into space created by attacker – hold for a bounce or a lob

- **Common Errors**
  - Pass placed behind or at receiver
  - Pass too high or low
  - Receiver moves off too soon – allowing defender to move into the space created

Shooting Skills

**Shooting**
Predominantly a one-handed shot with the other hand resting on the side of the ball.

- **Teaching Points**
  - Ball is held above the head
  - Arms are extended with the shooting arm reasonably straight and close to the ear
  - Ball rests on the base of the spread fingers and the thumb
  - The opposite hand is placed on the side of the ball to steady it
  - Stand upright with the feet about shoulder-width apart
  - Feet, hips and elbows pointing towards the goalpost
  - Bend elbows and knees
  - Straighten elbows and knees
  - Release the ball just before elbows and knees are straight
  - Flick the ball with the wrist
  - Follow through, arms towards post
  - Straighten fingers pointing them towards the post
  - The ball should travel in an arc towards the post

- **Common Errors**
  - Ball is behind or in front of head
  - Arm is extended out from ear
  - Fingers not spread wide and the ball sits either flat on the palm or up on the fingertips
  - Opposite hand is placed under the ball
  - Feet too close or too far apart and body is hunched
  - Feet, hips and elbows not aligned with each other and the post
  - Opposite elbow and knees extended and ball dropping behind the head
  - Keeping elbows and knees flexed on the release phase of the shot
  - Releasing ball after elbows and knees are straight
  - Not using any wrist action
  - Arms not following the ball in the direction of release
  - Fingers not pointing in the direction of the ball release
  - The ball travels flat in the air
