

CHEAPER FARES

The Queensland Government is reforming public transport fares in South East Queensland.

The Queensland Budget 2016-17 provides for lower fares in response to the South East Queensland Fare Review Taskforce Report.

The following fare solution will apply from January 2017:

- lower fares across all zones
- reducing the number of zones from 23 to 8
- extending the morning off-peak time from 3am to 6am to increase access to services offering the 20% off-peak discount
- free weekend travel for children on a child go card
- keeping the "1, 2 and free" program for seniors.
