## NUMBER PLATE REPLACEMENTS

If you have tried to patch up a registration number plate and they still look unsatisfactory, for only \$23.15 incl. GST you can get a set of replacement number plates.

Just go to the below website and follow the instructions.  
[https://www.licensys.com/documents/licensys - MR6B - Duplicate General Purpose plate.pdf](https://www.licensys.com/documents/licensys_-_MR6B_-_Duplicate_General_Purpose_plate.pdf)

You will also receive a return postage paid envelope to send the old damaged plates back as shown in the photo.

If it is part of an insurance claim this small amount is probably covered.
