

Heterocentron elegans
SPANISH SHAWL

10cm to 1m

FULL SUN

PART SHADE

FEATURES

Flowering from late spring into summer.

Mat forming foliage ideal for large areas.

Low maintenance and fast growing.

MY GARDEN SOLUTIONS®

FOR

Filling large spaces quickly.

Great for patio containers or dotted through a mixed garden bed.

Will trail over hanging baskets, retaining walls, rockeries and embankments.

Perfect for cottage or wild flower style gardens.

CARE

Water when dry for first 6 weeks after planting and regularly in dry weather.

No pruning generally required.

Apply a slow release fertiliser during spring.

If frost is expected:

- move patio containers undercover.
- plant under trees or next to buildings for protection.
- remove any frost damage and plant will recover.
