

Campanula

BARBARA VALENTINE

30cm

60cm

FULL SUN

PART SHADE

FEATURES

Prolific display of large bell-shaped flowers from late summer through to autumn.

Forms a lush, upright mound of foliage.

Flowers in low light situations.

MY GARDEN SOLUTIONS®

FOR

Colour in low light entrance ways and entertainment areas.

Ideal for garden or patio containers.

Perfect for city and courtyard gardens.

Filler for cottage or wild flower style gardens.

CARE

Water when dry for first 6 weeks after planting and in dry weather.

Minimal pruning - remove any old, untidy foliage after flowering and when fresh foliage appears in spring.

Apply a slow release fertiliser during spring.

Do not allow to dry out during extended periods of heat. Applying mulch will help to conserve moisture during warmer months.
