

For vibrant displays, Frostkiss® Hellebore 'Molly's White' is a delightful and perfectly compact perennial. With evergreen marbled foliage year-round and a long flowering period, this Hellebore adds colour effortlessly to any space. Flowers sit above the foliage and appear in winter through to early spring. The flowers are a large white cupped bloom with subtle hints of blush pink. 'Molly's White' has a neat and tidy form that will easily grow in containers or in the garden en masse.

Features

- Beautiful white flowers with blush pink tones from winter to spring
- Long flowering period
- Vigorous evergreen perennial with a tidy growth habit

Uses

- Enjoy indoors for up to three weeks* before planting in your garden
- Bright and cheerful for shady nooks
- Plant under established tree canopies
- Perfect for container displays
- Suitable for garden bed plantings on small and large scales

Care

Plant in any soil that is well draining. Tidy after flowering by removing old flower heads. If growing in containers or full sun, care should be taken not to allow to dry out completely. For best results, feed in late autumn and spring with a slow release fertiliser before and after flowering.

CAUTION: Harmful if eaten/skin irritant

*Performance indoors will vary due to conditions within each environment.
ORIGIN: Netherlands // SPECIES: Helleborus hybrid
