

# Argyranthemum DAISY CHAIN™ Dark Pink

[www.pga.com.au](http://www.pga.com.au)

*Argyranthemum frutescens*  
DAISY CHAIN™ Dark Pink

Height: 50cm  
Spread: 60cm

## FEATURES:

- A prolific display of dark pink flowers from late spring, flushing throughout the warmer months and on into autumn.
- Naturally neat and compact habit.
- Easy to grow and ideal for small gardens or spaces.

## SUGGESTED USES:

- Containers or general garden use.
- Mass plant in low maintenance mixed borders.
- Attracts pollinators.
- Fast results in new gardens.

## CULTURAL CARE

Grows well in most soil types which are moist but well draining. No pruning is generally required although a light trim after a main flowering flush will encourage further displays. Apply a slow release fertiliser during spring. Mulch well to help retain moisture during dry periods. Fertilise regularly if grown in containers.
