

*Mimulus puniceus*  
MONKEY FLOWER Burgundy

↑↓ ↔ Height 60cm  
Spread 80cm

## FEATURES:

- Long and prolific flowering - from spring through to autumn.
- Trumpet shaped, burgundy flowers with central orange markings.
- Fast growing and low maintenance.
- Water wise once established.
- Pollinator friendly plant.

## SUGGESTED USES:

- Ideal for smaller gardens or spaces.
- Containers or general garden use.
- Cottage or wildflower style gardens.

## CULTURAL CARE

Grows well in most soil types which are moist but well draining. Dry tolerant once established but should not be allowed to dry out during extended periods of heat. Trim lightly to shape after main flowering to help maintain a neat, dense habit. An application of slow release fertiliser during early spring is recommended for optimum results.
