Where can I stay?

Do you live more than 100km away?

Country patients may be eligible for financial assistance towards the cost of travel and accommodation under the Patient Assistance Transport Scheme (PATs).

To find out more, visit www.sahealth.sa.gov.au/pats

Visitor accommodation has been built into general inpatient rooms at the new Royal Adelaide Hospital (RAH), enabling a relative or carer to stay overnight when it is in the patient's best interests.

Each general inpatient room features a visitor bed with linen packs available to hire. Proceeds will go to the RAH Research Fund.

While these expanded provisions will enable more carers and family members to remain with their loved one, for those who need to stay offsite there are a range of options to consider.

These include staying with friends and family or utilising non-for-profit or commercial accommodation.

If you're travelling from the country or interstate, the following list of accommodation facilities may be of assistance.

All locations featured in this brochure offer accommodation from under \$100 per night and are in walking distance to either the hospital or public transport.

The prices quoted are a guide only. Contact the facilities directly for further details, including current pricing.
