Dear Sir/Madam

Sunshine Coast Airport Expansion project - additional information to the Environmental Impact Statement

The Sunshine Coast Environment Council (SCEC) is the peak environmental advocacy group for the Sunshine Coast region. Established in 1980, SCEC currently represents 53 community groups working on conservation, sustainability and natural resource management-a combined membership of over 10,000 individuals. In addition, our individual supporter base extends to over 4000 people within and beyond the region.

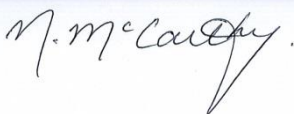

The opportunity to comment on this proposal is appreciated and we enclose our submission for due consideration accordingly.

Our submission consists of;

1. The submission form
2. A Summary of SCEC's AEIS submission
3. Attachment 1 – Previous comments in 2 submissions (by Narelle McCarthy and by Karen Robinson – both dated 13 November 2014) for the Sunshine Coast Environment Council
4. Attachment 2 –New comments on Appendix B – Biodiversity Offsets Strategy
5. Attachment 3 – Boeing 787 Airplane Characteristics for Airport Planning

Please let me know if further information and/or discussion is required.

Yours sincerely

Narelle McCarthy
