<b>Facility Type</b>	<b>Method</b>	<b>Base Contribution Rate (June 2008)</b>	<b>Revised Contribution Rate (2015/16)</b>	<b>Revised Contribution Rate (2016/17)</b>
<b>Rural Roads</b>	Determined on basis of Council assessment of traffic and road standard assessment prepared by applicant			
<b>Community Enhancement Program</b>	Contributions to the CEP based on total capital expenditure and annual outputs of development			
<b>Preparing and Administering Plans equivalent</b>	per lot or dwelling	\$129.00	\$157.00	\$159.00

**Note:**

Major industries – including major rural industries, which will be subject to these contributions will be those industries which Council determines as major – having regard to level of capital expenditure involved in the proposed development; the potential cumulative effect of other stages (when the proposal is clearly part of staged development); traffic generating potential; output levels (annual and seasonal); or a combination of these factors.
