

Livestock nutrition in dry times

All landholders have a great opportunity to hear from the widely regarded Geoff Duddy, owner and manager of Sheep Solutions, as he presents at our **livestock nutrition in dry times** workshop series.

Topics to be discussed include:

- the foundations of feeding
- maintenance vs production feeding
- comparing feed types
- feed test interpretation
- confinement feeding
- animal health concerns during dry periods
- supplements and elements.

Make sure you bring any questions along for Geoff - see if you can stump him!

Mossgiel Hall

10am, Monday 18 June
