

Limited Warranty for Single Glass Solar PV Modules

1. Limited Product Warranty – Twelve Years Repair, Replacement or Refund Remedy

Subject to the below exclusions, ZNSHINE PV-Tech Co., Ltd. (hereinafter referred to as “ZNSHINE PV”) warrants to the original Buyer (the “Buyer”) that the modules shall be free from defects in materials and workmanship that have an effect on module functionality under normal application, installation, use and service conditions as specified in ZNSHINE PV’s standard product documentation and are hence endowed with a Limited Product Warranty of Twelve (12) years, and only the modules installed on rooftop, where the minimum clearance between rooftop surface and backside of module is less than 300mm, are hereby endowed with a limited product warranty of fifteen (15) years valid for shipment date ex. ZNSHINE factory from January 1st, 2020 to December 31st, 2020.

ZNSHINE PV guarantees that the module will maintain the mechanical integrity and stability in accordance with approved operation methods described in our installation instructions; the glass of a module will maintain its integrity provided there are no indications of localized impacts or external forces; and that the cable and connector plug of a module will remain safe and operational provided modules are professionally installed. Any damages caused by abrasion, improper installation or animals are exempt from this warranty.

Claims under the warranty can only be accepted if the Buyer can provide proof that the malfunctioning or non-conformity of a module results exclusively from defects in materials and/or workmanship under normal application, installation, use and service conditions specified in ZNSHINE PV’s standard product documentation. To this end, the Buyer shall also provide evidence such as module purchase date, transportation, storage, and deployment information. Any color change on module or any other changes on

module appearance do not represent defects, insofar the change in appearance does not stem from defects in material and/or workmanship, and does not cause degradation of functionality of the module. If the product fails to conform to this warranty, ZNSHINE PV will, at its option, either repair or replace the product, or provide an appropriate residual market value of the product(s) as compensation.

2. 25-Year Limited Peak Power Warranty (Linear Warranty)

If, within a period of Twenty-five(25) years from the date shown in the invoice to the customer (Warranty Start Date), any module exhibits a power output inferior to the lowest value of nominal power output indicated by ZNSHINE PV in their Product Information Sheet, provided that such loss in power is determined by ZNSHINE PV (at its sole and absolute discretion) to be due to defects in material or workmanship, ZNSHINE PV will replace such loss in power by either providing additional modules to the customer to make up for such loss in power, or by replacing the defective module(s) at the option of ZNSHINE PV.

ZNSHINE PV guarantees that the loss of power output with respect to the nominal power output specified in the relevant Product Data Sheet and measured at Standard Test Conditions (STC) for the Product(s) shall not exceed:

(1) for polycrystalline Modules: 2.5% in the first year, thereafter 0.7% per year ending with 80.7% in the 25th year from the Warranty Start Date;

(2) for monocrystalline Modules: 3.0% in the first year, thereafter 0.68% per year ending with 80.68% in the 25th year from the Warranty Start Date.

(3) for PERC-monocrystalline Modules: 3.0% in the first year, thereafter 0.68% per year ending with 80.68% in the 25th year from the Warranty Start Date.

Such notice should enclose evidence of the date of delivery of the applicable product and the basis for the Buyer's claim. Warranty claims may only be made by the original Buyer or a person to whom the title to the applicable module(s) has been transferred, provided that the modules remain in their original location and configuration.

Upon receipt of such written claim, ZNSHINE PV may seek further verification of the Buyer's claim of a breach of one of the foregoing limited warranties. Upon written RMA authorization by ZNSHINE PV and according to return packaging and shipping instructions from ZNSHINE PV, the Buyer will return the allegedly-defective products to ZNSHINE PV. ZNSHINE PV will not accept the return of any product unless prior written authorization has been given by ZNSHINE PV themselves and the Buyer has complied with the packaging and shipping instructions provided by ZNSHINE PV.

If according to reasonable judgment ZNSHINE PV verifies that a module does not comply with the limited warranties set forth above, then ZNSHINE PV will at their option either (1) repair the affected module and return it to the Buyer (shipment costs at the Buyer's expense), (2) provide a new or refurbished replacement module to the Buyer (shipment costs at the Buyer's expense), or (3) provide an appropriate residual market value of the reduced performance of product(s) as compensation. returned model be discontinued or otherwise unavailable. Ownership of all modules which have been replaced is passed to ZNSHINE PV. Some jurisdictions limit or do not permit disclaimers of liability, so this provision may not apply.

12. Limitation of Liability

To the maximum extent permitted by applicable law, ZNSHINE PV hereby disclaims, and shall have no responsibility or liability whatsoever for, damage or injury to persons or property or for other loss or injury resulting from any cause whatsoever arising out of or related to any of its products or their use. To the maximum extent permitted by applicable law, under no circumstances shall ZNSHINE PV be liable to the Buyer, or to any third party claiming through or under the Buyer, for any lost profits, loss of use, or equipment downtime, or for any incidental, consequential or special damages of any kind, howsoever arising, related to the products, even if ZNSHINE PV has been advised of the possibility of such damages.

To the maximum extent permitted by applicable law, ZNSHINE PV's aggregate liability, if any, in damages or otherwise, shall not exceed the purchase price paid to ZNSHINE PV by the Buyer for the product. The Buyer acknowledges that the foregoing limitations on liability are an essential element of the agreement between the parties and that in the absence of such limitations the purchase price of the products would be substantially different. Some jurisdictions limit or do not permit disclaimers of liability, so this provision may not apply to the Buyer.
