

CONCRETE AND TILE CLEANER HD

PRODUCT DESCRIPTION

A high-powered solvent boosted alkaline hard surface floor cleaner for removing years of soiling abuse and oil and grease buildup. It is a very strong cleaning agent for restoration of ceramic tile and grout and concrete floors.

USAGE DIRECTIONS

Apply onto the surface at a dilution of 1:12 - 32. Brush the chemical over the surface. Allow a few minutes contact for the chemical to soften soils. Rinse away the soils with a high pressure cleaner or water hose. Allow to dry before walking on the floor.

CONTAINS

- Potassium hydroxide <10%
- Sodium hydroxide <10%
- 2-Butoxy ethanol 10-30%
- Alkenyl dicarboxylic acid anhydride <10%

STORAGE

- Store locked up in corrosion resistant container.

DISPOSAL

- Dispose of contents/container in accordance with local/regional/national/international regulations.
