GLASS CLEANER

PRODUCT DESCRIPTION

Glass Cleaner Green is a water based blue liquid. Use for cleaning glass, windows, plexiglas, mirrors, light fixtures, stainless steel, chrome, appliances, porcelain and other surfaces not harmed by water.

USAGE DIRECTIONS

Light & General Cleaning: Dilute at 10:1

Heavy Cleaning: Dilute at 3:1

1. Spray a light mist of Glass Cleaner onto the surface to be cleaned.
2. Wipe surface with clean lint free cloth until dry.

SAFETY DIRECTIONS

Not Hazardous according to Worksafe Australia criteria. Wear suitable gloves when using.

In case of accident or you feel unwell seek medical advice immediately.

FIRST AID

Contact a Poisons Information centre (131 126) or doctor. If swallowed do NOT induce vomiting.

Give water to drink. If on skin, remove contaminated clothing and flush thoroughly with water. If in eyes, flood with water until asked to stop for a minimum of 15 minutes.
