

RINSE AID

PRODUCT DESCRIPTION

Highly active wetting agents including low foaming non-ionic surfactant with solvent and neutralising agent to eliminate residual alkalinity from the wash cycle.

Assists in the removal of spotting and streaks, improving the appearance of dishwashed articles. Also assists the drying process. Dishes, cutlery and glass come out of the dishwasher sparkling clean.

USE

For all automatic dishwashers containing a final rinse aid injector.

USAGE DIRECTIONS

For directions refer to the dishwasher manufacturers instruction manual on how to use final rinse aid in your automatic injector.

STORAGE

- Store in a closed container.

DISPOSAL

- Dispose of small quantities and empty containers by wrapping with paper and putting in garbage. For larger quantities, if recycling or reclaiming is not possible, use a commercial waste disposal service.

Solo Pak Hygiene

Manufactured by:

Solo Pak Pty Ltd

ABN: 29 076 652 269

PO Box 67 Brisbane Markets Q 4106

Email: sales@solopak.com.au

Ph: 1300 307 755
