Sustainability & Green Star

This product may be suitable for use in Green Star-rated projects and, subject to the availability of recognised third-party environmental documentation, may contribute to Green Star credits under applicable rating tools.

Green Star certification applies to projects, not products. Final credit achievement is subject to independent project assessment.

Think Safety First

As a responsible supplier of first quality tiles into Australia, Volare tiles is committed to the safety of our customers when cutting tiles or mixing grouts. Scan the QR code to learn more.
