## The Australian Ballet Regional Tour brings the landmark production *Giselle* to New South Wales

The Australian Ballet is bringing romance to regional Australia as it presents the quintessential classical ballet *Giselle* in 2017. The critically acclaimed production will be presented in NSW from **4 to 21 October**.

Since its creation in 1841, *Giselle* has captured the hearts of audiences all over the world with its heartbreaking love story, famous mad scene, sea of ghostly white tutus and impressive display of ballet technique.

Since 1982, The Australian Ballet Regional Tour, formerly known as The Dancers Company, has brought the enchanting and transformative experience of ballet to communities across Australia. The tour showcases the artistry and technical skills of artists of The Australian Ballet and graduating students of The Australian Ballet School. In 2017 the tour is expected to reach over 11,000 people in regional locations through performances and community engagement activities.

**Artistic Director David McAllister** said “Regional touring has been an important feature of the company’s activities since our very first tour back in 1966. Since 1980 the tour has partnered with The Australian Ballet School to undertake annual tours to regional centres, presenting a wide selection of our company’s diverse repertoire across the country. This year we are taking one of the most treasured works – the romantic classic *Giselle* on the road. This is a ballet that all dancers love dancing and I am sure these dancers will follow in the footsteps of world-famous Italian ballet dancer Carlotta Grisi, who was so well known for performing the role of ‘Giselle.’”

**Executive Director Libby Christie** said, “From our earliest years, The Australian Ballet has been committed to bringing world-class ballet to regional communities and we’re thrilled to be taking this production of *Giselle* on tour in 2017. Beyond performances, we will also connect with regional communities through a range of activities in theatres and local schools. Our touring party of 49 is

preparing to cover more than 5,000 km this year. We are looking forward to continuing our tradition of presenting unforgettable experiences for our regional audiences.”

**Telstra’s Chief Financial Officer Warwick Bray** said the company’s 33-year partnership with The Australian Ballet has helped connect more Australians in smaller cities and towns with the joys of ballet.

“People in regional Australia should be able to enjoy the same world-class experiences as their friends and family living in big cities. We’re proud that our long-standing partnership with The Australian Ballet has helped more people in more places spend an amazing night at the ballet.”

Aligning with the tour, The Australian Ballet will engage with local communities through its “Step Inside” and “Behind the Scenes” programs. The Australian Ballet’s education team will also provide innovative, high-quality dance education that aligns with the Australian curriculum using a STEAM approach. The dance education team will visit ten schools in regional NSW and Tasmania whereby over 2,000 students will get to experience fun, interactive workshops delivered free of charge.

### About *Giselle*

Having gripped audiences the world-over since it first premiered in 1841 in Paris, *Giselle*’s tragic story of love, madness and betrayal is played out in secret trysts and ghostly visions across two spectacular acts.

*Giselle* follows the story of a village girl who falls in love with a man who is not all he seems. When she discovers his deception, she dies of a broken heart. Transformed into a spirit, she is reunited with her lover in a forest haunted by the ghosts of jilted women, and must dance with him until dawn to save his life.
