INDIVIDUALS REQUIRING SPECIAL ASSISTANCE: National Council Policy

Individuals wishing to attend events organised by the Theosophical Society in Australia and requiring special assistance with specific health issues or any disabilities e.g. mobility, are required to propose to the organiser an attendant carer who will be responsible for their care and for assisting them as required. The carer selected would also need to agree to this arrangement in writing and be willing to pay the fees to attend the event. If these conditions are not met then registration for the event concerned will not be approved.
