#### ***A pathway to employment or higher qualifications...***

**Content:** get your environmental career off the ground with a Certificate II in Conservation and Land Management. This nationally recognised course is delivered on land on the NSW Central Coast and surrounds. Gain practical experience and theoretical knowledge in the application of conservation and land management projects, including bush regeneration, revegetation, plant and weed identification and control, local area ecosystems and environmental issues.

**Job roles:** job roles and titles vary across different industry sectors. Possible job titles relevant to this qualification include conservation worker.

**Course duration:** generally within three months via scheduled classes under an Individual Training Plan.

**Delivery modes and how you will learn:** available through face-to-face delivery on site on the New South Wales Central Coast. You will learn through discussion, practical hands-on landscape work, problem solving and completing assignments and assessments. This involves learning activities with discussion and problem solving, including projects. Following this, you will also prepare and submit assignments, as well as demonstrate your knowledge and skills that are either in, or replicate, workplace conditions.

**Assessment:** students are provided with a full set workbooks for use throughout the program with clear instructions on the assessments required. You will prepare and submit assignments and relevant portfolios, as well as demonstrate your knowledge and skills that are either in, or replicate, workplace conditions, combined with other components designed to complement the learning outcomes described in the competencies. As a general indication students are required to undertake a minimum of three (3) assessments per unit of competency. The assessment appeal process is detailed in the College's Student Handbook.

**Pre-requisites:** there are no pre-requisites or selection criteria for this qualification. If under 18 your enrolment form must be signed by a parent or guardian.

**Pathways information:** this qualification may be entered or accessed by direct entry with no pre-requisites. This qualification is suitable for an Australian Apprenticeship. Training pathways after or from this qualification include, but are not limited to, the Certificate III in Conservation and Land Management through a registered training provider.

**Recognition of prior learning and credit transfer:** you may be able to shorten the length of your course by measuring skills acquired through work, life experiences and/or qualifications obtained from formal studies or training. Nationally recognised qualifications and statements of attainment issued by another Registered Training Organisation are recognised. Please see the College's Student Handbook for more information.

**Student support:** if you feel you need to speak to someone about individual needs for learning or study pathways, please contact the College on 4353 0017. More details are provided in the Student Handbook.

**Induction and attendance:** you will receive induction as appropriate to your course. Students enrolled in face-to-face courses are required to attend the scheduled course training days. Refer to the College's Student Handbook for further information. Students need to wear fully enclosed rubber soled shoes, a suitable hat and a sufficient supply of sun screen for outdoor activities.

**Employability skills:** in addition to achieving competency in the units of study, employability skills are developed and demonstrated by graduates in: communication, teamwork, problem-solving, initiative and enterprise, planning and organising, self-management, learning and technology.

**Unique Student Identifier (USI) Number:** students enrolled in nationally recognised training are required to provide the College with a USI. If you do not have a USI, the College can assist you in obtaining one. Further information regarding USIs can be found at: <http://www.usi.gov.au>
