

# Gawler Rail Electrification Project

## Works Notification

**As part of the Gawler Rail Electrification Project, the Department of Planning, Transport and Infrastructure (DPTI) advises that works will be undertaken adjacent the Gawler rail corridor in Gawler.**

*Due to technical issues, these works have been rescheduled and will now commence from Friday 19 July 2019.*

**Location:** Beadnall Terrace and Fifteenth Street, Gawler, adjacent the rail corridor.

**When:**

- From Friday 19 July 2019 for approximately ten days. Note, no works will occur on weekends or public holidays.
- Standard work hours will be between 7:30am and 5:00pm.

**Activities:**

- Trench excavation will occur adjacent to the rail corridor.
- Installation of conduits to allow the undergrounding of the overhead power lines, to allow rail electrification works to occur in the future.
- The site will be secured and packed up at the conclusion of each day of work.

**Traffic management:**

- Some local speed restrictions may be required, and signage and traffic management will be in place to advise the public of changed conditions.
- Access to residential and business properties will be maintained at all times.
- Pedestrian and cyclist access will be maintained at all times.

These works are part of an increasing program of works in the area, occurring intermittently over the coming months, to prepare for the commencement of the rail electrification works.

Work crews will make every effort to minimise the disturbance to residents and businesses.

Thank you for your patience as we undertake this important project.
