<b>Related Policies:</b>	<b>Sporting &amp; Community Clubs/Organisations Fees Policy for Leases (Exclusive Right of Possession)</b>

**1. INTRODUCTION**

- 1.1 Council has a role in providing facilities for community and recreational activities to strengthen communities and encourage healthy lifestyles.
- 1.2 Council has a responsibility to ensure the optimum use of its sporting facilities and is committed to the principles of access and equity for all members of the community.

**2. PURPOSE**

- 2.1 The Town of Gawler provides a range of sport, recreation and other facilities and services for community use including sportsgrounds, clubrooms and other community buildings. In addition, Council has an extensive network of open space that provides for passive and other recreation activities.

- 2.2** As the owner of community land Council recognises that it has a key role to play in the provision of a diverse range of recreation, sport and other facilities in collaboration with local clubs, associations, organisations and groups to meet the needs and interests of our changing community. This is one of many services that Council provides which contributes towards the creation of healthy and active communities.

### **3. EXPLANATION**

- 3.1** The policy provides a framework and is the guiding document in the development and establishment of Ground Leases between Council and outside Incorporated organisations. The policy applies to ground leases only. Buildings include sheds, verandahs, shipping containers and any other buildings or structures on the property/premises. Any other conditions will be listed in the lease. Fees will generally apply, unless stated otherwise in an executed lease.

- 3.2** Leases will be for a period of five (5) years plus a right of renewal for a further five (5) years.

#### **3.3 What is a Ground Lease?**

3.3.1 A ground lease gives the lessee possession and use of land to the exclusion of the rest of the world. A ground lease must have all of the essential requirements that a regular lease must have.

3.3.2 The difference between a lease and a ground lease is that where a normal lease can be for the land, the buildings attached to the land, or specific air space about the land, a ground lease is for the lease of solely the land only (the Ground). A ground lease does not include improvements on the Ground.

#### **3.4 When to use a Ground Lease?**

3.4.1 A ground lease will typically be used where the lessee is to undertake improvements to the land or they have already done so, and have built their own buildings. Upon the expiration of the ground lease, those improvements will either become the property of the Council or will be removed by the lessee.

3.4.2 It is possible to enter into a ground lease in circumstances where there are buildings or improvements on the land at the commencement of the lease. In such cases the Council and lessee agree that such improvements are the property of the lessee and the ground lease will record the agreed arrangements regarding the improvements when the ground lease comes to an end.

**4. FEE'S/MAINTENANCE CRITERIA**

<b>Item</b>	<b>Lessee's Obligations</b>	<b>Council's Obligations</b>

**5. REVIEW AND EVALUATION**

The effectiveness of this Code will be reviewed on an annual basis to ensure that its commitment to the principles of good conduct and standards of behaviour is being achieved.

The Chief Executive Office will report to council on the outcome of the evaluation and if relevant make recommendations for amendments, alteration or substitution of a new Code.

The Code will not be altered or substituted so as to affect a process already commenced.

The Code will be reviewed after each general election of Council.

**6. FURTHER INFORMATION**
