Turning Point (RTO 6948) has been contracted by the Department of Health (DH Victoria) to provide competency learning and assessment opportunities to the Victorian AOD workforce.

Turning Point staff conducting the AOD competencies have both clinical experience and meet the training and assessment requirements as outlined in the Australian Quality Training Framework (AQTF). This training is targeted at new employees to the Alcohol and Other Drug (AOD) sector, currently employed in DH funded AOD Services.

**Selection Criteria:** To enrol in a unit of competency you must work in the Victorian Alcohol and Other Drugs (AOD) sector.

**CHCAOD009 Develop and review individual alcohol and other drug treatment plans**

**Online delivery and virtual classes**

This unit describes the skills and knowledge required to work collaboratively with clients to establish treatment goals, and to develop and evaluate individual treatment plans to meet those goals.

This unit applies to workers who develop treatment plans with, and for, clients with alcohol and other drugs (AOD) issues on the basis of an existing assessment and within established organisation guidelines. Depending on the context, development of the plan may be autonomous or collaborative. Workers may or may not be the person conducting the assessment.

This unit of competency is assessed and you will be required to complete assessment tasks.

**There is no cost to complete units of competency if you meet the selection criteria.**

Training and assessment components are delivered in an online learning environment.

Online learning and assessment will commence Monday 6th February 2023 and will conclude Friday 31st March 2023.

In addition to the online learning you must be available to attend the following classes online:

- Wednesday 15th February 2023 (9:30am – 12:00pm)
- Wednesday 1st March 2023 (9:30am – 12:00pm)
- Wednesday 15th March 2023 (9:30am – 12:00pm)

This unit of competency requires that you are currently working with clients who have AOD issues. One of the assessment tasks is based on developing a treatment plan for a client and requires your manager/supervisor to validate authenticity.
