

Model: WCTA10

Apple 3-in-1 Wireless Charging Dock User Manual v1.1

Qi Certified

Certification program ensures this charger has passed rigorous tests to guarantee safety, compatibility and energy efficiency.

Compatibility

Compatible with Qi-enabled devices* including

- iPhone 11 Pro/11
- Samsung S10/S9/S8
- Google Pixel 3/3 XL
- iPhone Xs/Xs Max/XR
- Samsung Note 10/9/8/5
- Sony Xperia XZ2
- iPhone X/8/8 Plus
- Huawei P30 Pro
- LG G7 ThinQ
- Samsung Galaxy Fold
- Huawei Mate 30/20 Pro
- LG V30+

Features

- Can charge a wireless iPhone and wireless AirPods or two wireless phones
- Requires Apple Watch magnetic charging cable to insert into dock (not included)
- Supports 7.5W Apple wireless fast charging for iPhone 8 or later
- Supports 10W wireless fast charging for compatible devices such as Samsung Galaxy Series and more
- Supports 5W standard wireless charging for all Qi enabled devices
- No need to remove your protective case. Works with most cases up to 3mm thick
- LED indicator to show charging status
- Smart IC enables energy saving mode when device is fully charged
- Full safety protection for your devices with Qi certified temperature control, strict voltage regulation & short circuit protection
- Includes AC wall charger and 1.5m USB-A to USB-C cable

* Check with device manufacturer for Qi wireless compatibility

Wireless Charger Operation

- Untwist the black cover of the Watch charger housing
- Using your existing Apple Watch magnetic charging cable (not included), insert into the holder and wrap the cable around the cylinder and plug into the USB-A port on the back of the dock
- Twist the black cover back over the watch magnetic charger
- The red LED will be on for 3 seconds to indicate the charging pad is powered on and in stand-by mode
- Place your wireless phone on either charging pad and your phone should start charging automatically
- If your phone does not start charging, move your phone until the correct position is found and your phone starts charging
- Place your wireless charging AirPods on either charging pad
- Place your Apple watch on the Apple magnetic watch charger
- The LED will flash green to indicate charging
- When your phone is fully charged, the Smart IC enables energy saving trickle charge mode

Please Note: When wirelessly charging a device, the wireless charger and your device may feel warm. This is a normal operating condition and should not be cause for concern.

Specifications

- Wireless Standard: WPC/Qi (v1.2.4)
- Quantity of Wireless Charging Coils: One Coil per Pad
- Input: QC 3.0 DC 9V 2A
- Output: 10W / 7.5W / 5W / 3W for charging pads
- Output: DC 5V 2A for Apple Watch
- Working Frequency: 110 to 205KHz
- Charging Distance: 3 to 8mm
- Charging Efficiency: >72%
- Dimensions: 228 x 75 x 76mm

Important Safety Instructions

- Only use original or reputable third party chargers and cables
- Do not get wet to avoid causing short circuit damage and leakage
- Do not use in extreme hot, humid or corrosive environments to avoid short circuit damage and leakage
- Do not place too close to magnetic strip or chip ID card to avoid magnetic failure
- Do not place within 20cm of implantable medical devices (pacemaker, cochlear implant etc.) to avoid potential interference
- Do not clean with harmful chemicals or detergents
- Misuse, dropping or excessive force may cause damage to the charging dock
