The **Workforce® WF-100**, the world's smallest and lightest A4 inkjet printer, aims to boost the mobile experience, supporting users to stay productive while on the go. It

is designed for users who demand high document and photo output for business printing and projects, while highlighting our commitment to delivering tools that meet the ever evolving mobile workforce. These users require functionality flexibility and productivity enhancement, delivered by a feature-rich and high performance solution without sacrificing time, space and double handling of information.

All-Purpose Portability

A very compact and sleek design, the **Workforce® WF-100** has all the features needed for photo and document printing. Print professional quality borderless photos up to 4" x 6" or crisp and sharp reporting documents anywhere, anytime. The **Workforce® WF-100** also features the ultimate in **wireless printing²**, making it easier than ever to **print from iPad®, iPhone®, tablet or smartphone**, whether at the office or out and about.

Innovative print technology for borderless photos and sharp text

Print and display lab-quality, borderless photos up to 4" x 6" (10cm x 15cm) anytime. Share them with clients or colleagues, or print intricate documents with crisp, sharp text.

Ultra powerful performance, ultra slim design

Get the best of both worlds: powerful performance and a sleek, compact design. This versatile portable printer has all the tools for photos, documents and more while saving valuable space and offering dependability with its own rechargeable battery.

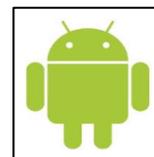

The ultimate in wireless printing²

Simple wireless connectivity, share the **Workforce® WF-100** with multiple computers and mobile devices (up to four devices at once) and enjoy the freedom to print from anywhere. Setup couldn't be simpler with a plug and play function. Choose from using an existing network with **802.11n** or **Wi-Fi Direct²** which means no wireless network is required, making peer-to-peer printing easy.

Productivity anytime, anywhere

Easily print from tablet or smartphone using Epson Connect^{TM3}. Wirelessly print documents, photos, emails and web pages whether at home or on the go. Supports AndroidTM, Apple® iPad and iPhone, ChromebookTM, Kindle FireTM, Mac® and Windows® devices.

Easy to print

PC-free photo printing made easy

Navigating the printer while on the go is easier than ever with the **1.44" colour LCD** plus convenient control panel for simple setup and operation.

Print from iPad® or iPhone®³

Apple® AirPrint™ makes it simple to print photos, emails, web pages and documents straight from iPad® or iPhone®. There's no software to download, no drivers to install and no cables to connect. Apple® iOS® device will automatically connect to the printer.

Share Google® content

Print on the go from a smartphone or tablet using Google Cloud Print™ via Gmail™ or Google Drive™ account. Plus, print from Chromebook and Google

Chrome™ without installing drivers or connecting cables. It's now even easier to share Google content from anywhere.

WorkForce series
