Parts & Qty				
Applicable product size(mm)	Drywall Plastic Anchors	Screws (1)	Wall Brackets	Screws (2) L(8mm), only for boards with pen tray
600x450	3	2	2	2
584x279	3	2	2	2
900x450	3	2	2	2
900x600	3	2	2	2
490x370	3	2	2	2
750x500	3	2	2	2
1200x900	3	2	2	2

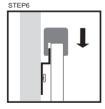

- 1. Determine board Installation direction (Vertical/Horizontal) and target height on the wall. Markdown the two "A" positions, 100mm away from each board edge on the wall.
- 2. Step 2 is only for boards with a pen tray. To install the pen tray to the board, screw in two screws using a Phillips Head Screwdriver.
- 3. Drill two holes into the wall on the two "A" positions.
- 4. Hammer the two supplied plastic anchors into the holes in the wall.
- 5. Attach the two supplied brackets to the plastic anchor holes by using a Phillips Head Screwdriver to secure the screws into the plastic anchors.
- 6. Attach the board onto the brackets and ensure the brackets are sitting well into the gap between the frame and board backing.
