## ASSEMBLY INSTRUCTIONS

GLASS BOARD

These assembly instructions are suitable for product codes:
JBB90120WH (90X120cm); JBB90120BK (90X120cm)

www.officeworks.com.au

TOOLS NEEDED:
Drill, Hammer, Pencil, Phillips Head Screwdriver, Tape Measure

PART LIST & Qty		
	[1] Board	[2] J Rails
Applicable Product Size (mm)		
900x1200	1 Pc	885mm/2 Pcs

HARDWARE LIST & Qty		
	[A] Screw	[B] Plastic Anchor
Applicable Product Size (mm)		
900x1200	8 Pcs	8 Pcs

STEP 5

A   B   C   D

Hang the board on the 2 J Rails [2].
Tips
A: Hang lower brackets into lower J rail. Ensure all lower brackets are into J rail.
B: Push board against the wall.
C: Lift board up slightly.
D: Install upper brackets into upper J rail.
E: 900x1200 can be mounted either horizontally or vertically.

STEP 2

Align the J Rails [2] under each line. Using the J Rails [2] as a template, mark the hole positions for each rail using a pencil.

STEP 3

Drill 6mm diameter holes on each of the marked positions on the wall. Then hammer a Plastic anchor [B] into each hole.
STEP 4

Use total 8pcs of screws for 90x120cm board.

Mount the J Rails [2] to the wall using the Screws [A].

STEP 1

745 mm

Draw 2 parallel lines the same length as the J Rails [2] at the desired height. Keep the distance between the 2 lines at 745mm for either horzontal or vertical mounting.
