Installation Guide

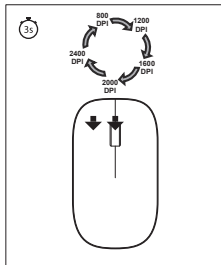

-  Remove magnetic top cover and retrieve USB receiver from the mouse.
Reattach the top cover.

 |  Turn on the power switch.

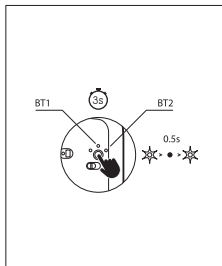

DPI Press left button and scroll wheel together for more than three seconds to modify the DPI/mouse sensitivity.

 Plug the USB receiver into the computer USB port.

BT Bluetooth.

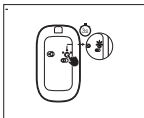

Operation

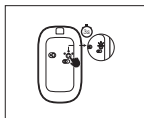

1. Connect a 2.4 GHz device.
Remove magnetic top cover and retrieve USB receiver from the mouse. Reattach the top cover. Plug the USB receiver in computer port.

Drivers will automatically install. Once completed the mouse is ready to use. Ensure the white selection light on the bottom of the mouse is flashing to the left of the button.

2. Connect the first Bluetooth device
Press the round button and select BT1 (white light above button). The white light will flash once.

Then hold the round button for more than three seconds until the white light flashes quickly. It is now in Bluetooth pairing mode.

3. Connect the second Bluetooth device
Press the round button and select BT2 (white light to the right of the button). The white light will flash once.

Then hold the round button for more than three seconds until the white light flashes quickly. It is now in Bluetooth pairing mode.

Bluetooth Pairing

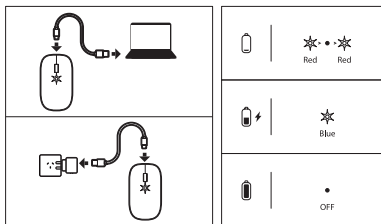

Press round button and select BT1 or BT2. When selected the white indicator light will be on. Hold round button for 3 seconds until the white indicator light flashes. Find and pair **MS300** on Bluetooth device list on your computer.

Indicator Light

Red LED light will flash when power is low.

Blue LED light will be on when charging.

LED light will be off when fully charged. Full charging time is approximately 4 hours.

Red	Red
