Assemble item on a clean flat surface

NOTICE

- Do not tighten the screws before all screws are in the correct place.
- At least every four months, check all bolts, screws and knobs to ensure they are tight.
- Clean the whiteboard surface every three months using whiteboard cleaning wipes/cloths.
- If any parts or hardware are missing, broken, damaged or worn, stop using the board until repairs are made using appropriate parts.
- Please check to ensure you have all parts and hardware before assembling.
- If you think there are any missing parts or hardware please contact the store of purchase.
