

J.BURROWS

.....

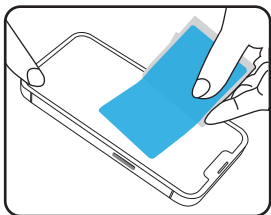

INSTRUCTION MANUAL

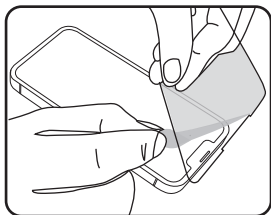

1. Clean the screen surface using the wet wipe cloth (1).

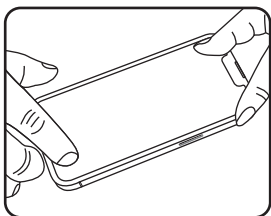

2. Use the dry wipe (2) to dry the screen.

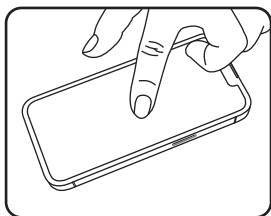

3. If excess dust still appears on screen surface use the dust cleaner to remove.

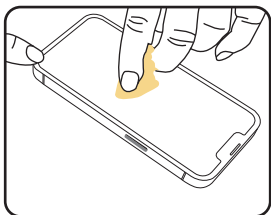

4. Remove the glass protector from the backing surface.

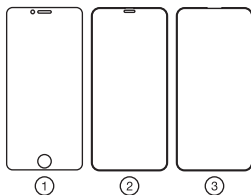

5. Align the glass protector in the appropriate position for your device and press down in the centre of the screen.

6. Remove any excess air bubbles by pressing them out from the centre to the corners of the screen using the cleaning cloth.

7. Remove any excess finger prints with the cleaning cloth.

Note: The installation is compatible for the different iPhone models.

① iPhone 6, iPhone 7, iPhone 8 and iPhone SE series

② iPhone XS, iPhone 11 and iPhone 12 series

③ iPhone 13, iPhone 14 and iPhone 15 series and above models

iPhone is trademarks of Apple Inc., registered in the U.S. and other countries.
