- Data transfer speed: up to 5 Gbps<sup>1</sup>
- Data port current rating: 5V 0.5A/port
- Power input: 5V 3A. Max
- Unit dimension: 158 (L) x 55(W) x 27(H) mm
- USB 3.0 cable length: 35 cm
- Unit weight: 133g

<sup>1</sup>When connected to device(s) and computer that comply with USB 3.0 specifications

## Product overview:

- ① USB 3.0 Data Transfer Port
- ② Built-in USB 3.0 Cable
- ③ Power Input Port (5V 3A. Max)

## Installation:

1. Turn on computer
2. Connect the USB 3.0 cable in between computer and the hub
3. Computer will start to identify the connected USB device

## Remarks:

This hub is not a standalone USB charging device. Power adaptor\* must be used when the hub is connected to multiple devices and providing charging at the same time.

\*Sold Separately

## **Troubleshooting:**

### **Computer does not recognise the hub**

- Check the connection of the USB 3.0 cable in-between the hub and the computers USB port
- Try to plug the USB 3.0 cable into a different USB port on the computer and to restart the computer

### **Computer does not recognise the plug in USB device**

- Try connecting the USB device into a different USB port on the hub
- Try to plug your USB device directly to USB port on the computer. If the computer does not recognise the USB device, the problem is with the USB device itself

### **Connection is slow**

- Make sure that the USB port on the computer and connected devices to the hub are in USB 3.0 specification

## **Package contents:**

- 7-port USB 3.0 hub x 1
- Instruction manual x 1
