

### SECTION 1 Product & Supplier Identification

Product Name	Kadink Dough
Other Names	None
Product Code	
Barcode Number	
Recommended Use	Modelling compound for arts and crafts.
Restrictions on Use	None known
Company	Kadink (Officeworks Ltd)
ABN	36 004 763 526
Address	236 – 262 East Boundary Rd, East Bentleigh, Victoria, Australia 3165
Telephone	1300 633 423
Supplier Code	KADD900... & KADD140...
Emergency Phone Number	Australia – 13 11 26 (Poisons Information Centre)

### SECTION 2 Hazards Identification

#### Classification of the hazardous chemical

Physical hazards	Not classified
Health hazards	Not classified
Environmental hazards	Not classified

#### Label elements, including precautionary statements

Hazard symbols	None
Signal word	None
Hazard Statements	The mixture does not meet the criteria for classification.

#### Precautionary statements

Prevention	Observe good industrial hygiene practices.
Response	Wash hands after use.
Storage	Store in well ventilated place. Keep container tightly closed.
Disposal	Dispose of contents and container in accordance with local regulations.

### SECTION 3 Ingredient Composition / Information

<u>Chemical Entity</u>	<u>CAS No.</u>	<u>Proportion (to 100%)</u>
Non-hazardous components		to 100 %
Contains gluten from a wheat source.		

### SECTION 4 First Aid Measures

#### Description of necessary first aid measures

Eye	Irrigate with copious quantities of water for atleast 15 minutes, lifting eyelids occasionally. Seek medical attention.
Skin	Wash off with soap and water. If any symptoms arise seek medical attention.
Inhalation	Move to a well ventilated area. Seek medical attention if symptoms persist.
Swallowed	Rinse mouth with water. Give water to drink. Seek medical attention if symptoms persist.

#### Personal protection for first aid responders

Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

#### Symptoms caused by exposure

Direct contact with eyes may cause minor irritation.

### Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. Seek medical attention if symptoms persist.

## SECTION 5

### Fire Fighting Measures

#### Extinguishing equipment

- Suitable** Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
- Unsuitable** Anything that could spread the fire and or risk the safety of surrounding personnel.

#### Specific hazards arising from the chemical

None known.

#### Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

**Hazchem Code** Not available.

**General fire hazards** No unusual fire or explosion hazards known.

## SECTION 6

### Accidental Release Measures

#### Personal precautions, protective equipment and emergency procedures

##### For non-emergency personnel

Keep unnecessary personnel away and upwind of spill. Wear appropriate protective equipment during clean up. Contain spill to prevent contamination to drains / water ways. Local authorities should be contacted if spill cannot be contained. Collect and seal in clearly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

##### For emergency responders

Keep unnecessary people away. Heed advice under Section 8 "Personal Protection".

#### Environmental precautions

Avoid discharge to drains, water ways or onto the ground.

#### Methods and materials for containment and clean up

**Large spills** – Prevent spillage from entering drains or water courses. Collect product and place into clearly labelled containers for disposal in accordance with local regulations. After spills wash the area preventing run off from entering drains. If a significant quantity enters drains, advise emergency services.

**Small spills** – Do not normally need any special clean up measures. Never return spills to original container for re-use.

## SECTION 7

### Handling & Storage

#### Precautions for safe handling

Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Avoid contact with incompatible materials refer Section 10 "Stability & Reactivity".

#### Conditions for safe storage, including any incompatibilities

Make sure the containers holding this product are kept tightly closed. Keep containers dry and away from water. Make sure the product does not come in contact with incompatible products refer Section 10 "Stability & Reactivity ". Store in clearly labelled containers.

---

### SECTION 8 Exposure Controls / Personal Protection

---

#### Occupational exposure limits (OEL's)

No OEL's noted for this product.

#### Biological limit values

No biological exposure values noted for this product.

#### Appropriate engineering controls

No special equipment is usually needed when occasionally handling small quantities. The following instructions are more intended for bulk handling or where regular exposure in an occupational setting occurs without proper containment systems.  
Use in a well ventilated area. If required use local exhaust ventilation. Provide an eyewash station.

#### Individual protection measures, for example personal protective equipment (PPE)

##### Eye protection

Not normally necessary when using this product, however if in doubt wear safety glasses or goggles.

##### Skin protection

Not normally necessary when using this product.

**Hygiene measures** Use and maintain good industrial hygiene. Always wash hands after use. Do not eat, smoke or drink when handling this product.

---

### SECTION 9 Physical & Chemical Properties

---

Appearance	Solid, malleable (various colours)
Odour	Mild odour
Odour threshold	Not available
pH	Not available
Melt point / freeze point	Not available
Boiling point	Not available
Autoignition temp	Not available
Flammability	Not available
Vapour Pressure	Not available
Vapour Density	Not available
Relative density	Not available
Solubility in water	Not available
Specific Gravity	Not available
Evaporation rate	Not available

---

### SECTION 10 Stability & Reactivity

---

**Reactivity** This product is unlikely to react or decompose under normal storage conditions.

**Chemical stability** This product is considered to be stable under normal conditions of use and storage.

#### Possibility of hazardous reactions

No hazardous reaction known under normal use.

**Conditions to avoid** Keep containers tightly closed. Containers should be kept dry.

#### Incompatible materials

None known.

#### Hazardous decomposition

If engulfed in fire product may give rise to the release of obnoxious fumes including oxides of carbon.

---

**SECTION 11****Toxicological Information**

---

**Information on possible routes of exposure**

- Inhalation** No adverse effects expected due to inhalation.  
**Skin contact** No adverse effects expected due to skin contact.  
**Eye contact** Unlikely, but minor irritation may be expected in some individuals if in eyes.  
**Ingestion** Expected to be low ingestion hazard. Does contain gluten.

**Symptoms related to exposure**

- Irritation in individuals with gluten intolerances.  
Eye contact - symptoms may include stinging and redness.

**Acute** No specific data available.

**Skin corrosion / irritation**

- Prolonged skin contact may cause minor irritation in some individuals.

**Serious eye damage / irritation**

- May cause minor irritation in some individuals.

**Respiratory or skin sensitisation**

- Not a respiratory sensitizer.  
Not expected to cause skin sensitisation.

**Carcinogenicity** No significant ingredient is classified as carcinogenic.

**Reproductive toxicity**

- This product is not expected to cause reproductive or developmental effects.

**Additional Information**

- This product does NOT contain,  
Egg, dairy, soy, seafood, shellfish or peanut products, by-products or derivatives.  
This product does contain gluten from a wheat source.

---

**SECTION 12****Ecological Information**

---

**Ecotoxicity** No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Dispose of contaminant in accordance with local landfill or incineration regulations.

**Persistence and degradability**

- No specific data available.

**Bio accumulative potential**

- No specific data available.

**Mobility in soil** No specific data available.

---

**SECTION 13****Disposal Considerations**

---

**Disposal methods** Dispose of this product and any water contaminated with this product in accordance with local regulations.

**Contaminated packaging**

- The container in which the product is/was contained should also be disposed of in accordance with local regulations.

---

**SECTION 14****Transport Information**

---

**ADG** Not regulated as dangerous goods.  
**IATA** Not regulated as dangerous goods for IATA  
**IMDG** Not regulated as dangerous goods.

**Special Precautions** No special precautions or requirements for transport

---

**SECTION 15****Regulatory Information**

---

**Safety, health and environmental regulations**

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

**Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)**

Not allocated

**AICS** Components are listed in the Australian Inventory of Chemical Substances.

---

**SECTION 16****Other Information**

---

**Reason for Revision** Review and update information in accordance with GHS requirements.

**SWA** Safe Work Australia  
**ADG** Australian Dangerous Goods Code  
**AICS** Australia Inventory of Chemical Substances  
**IATA** International Air Transport Association  
**IMDG** International Maritime Dangerous Goods Code
