

Samsung Galaxy S24FE full product disclaimers

¹ Certain Galaxy AI features require Samsung and Google Account. Internet connection may be required to use some features. AI Features will be provided free of charge until the end of 2025 on supported Samsung Galaxy devices.

² Samsung Account may be required to use certain AI Photo Assist features. Edit Suggestion is compatible with JPG, PNG, GIF and MP4 formats. Edit results may vary depending on the photography or filming condition. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. Accuracy of results is not guaranteed.

³ Composer feature for Chat Assist requires a network connection and Samsung Account login. This feature is activated when a certain number of characters is met. Service availability may vary by language. Accuracy of results is not guaranteed.

⁴ Requires internet connection. Mobile data fees may apply. Circle to search feature must be enabled. May not work on all visual elements. Google SafeSearch filter applies.

⁵ 30X Space Zoom includes 3x optical zoom and 30x digital zoom with Super Resolution technology. Zoom distances past 3x zoom may express some image deterioration

⁶ Results may vary depending on lighting conditions. Subject must be steady, any small movement can lead to blurry photos.

⁷ Actual battery life varies by network environment, features and apps used, frequency of calls and messages, the number of times charged, and many other factors Estimated against the average usage profile compiled by UX Connect Research Independently assessed by UX Connect Research between 2024 08 05 2024 08 13 in UK with pre release versions of SM S 721 under default setting using LTE and 5 G Sub 6 networks NOT tested under 5 G mmWave Network.

⁸ When compared to previous Galaxy S23 FE.

⁹ Measured diagonally, Galaxy S24 FE's screen size is 6.7 inches in the full rectangle without accounting for the rounded corners; actual viewable area is less due to the rounded corners and camera hole.

¹⁰ Vision Booster will be activated when environment brightness reaches a certain level.

¹¹ Samsung Account may be required to use certain AI Photo Assist features. Edit Suggestion is compatible with JPG, PNG, GIF and MP4 formats. Edit results may vary depending on the photography or filming condition. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. Accuracy of results is not guaranteed.

¹² Requires Samsung Account, Wi-Fi connection or mobile data. Portrait Studio may generate unexpected results. Feature activated when it recognises a face in the image. May not work if the person's entire face cannot be seen clearly. Editing with Portrait Studio results in a resized photo up to 9MP. A visible watermark is overlaid on the image output upon saving in order to indicate that it is generated by AI. The accuracy and reliability of the generated output is not guaranteed.

¹³ Sketch to Image feature requires a network connection and Samsung Account login. Editing with Sketch to Image may result in a resized photo up to 12MP. A visible watermark is overlaid on the image output

upon saving in order to indicate that the image is generated by AI. The accuracy and reliability of the generated output is not guaranteed.

¹⁴ Instant Slow-mo feature for Photo Assist is available on Samsung Video Player and Samsung Gallery. May not be available on certain video file types. Accuracy of results not guaranteed.

¹⁵ Results may vary depending on lighting conditions. Subject must be steady, any small movement can lead to blurry photos.

¹⁶ 30X Space Zoom includes 3x optical zoom and 30x digital zoom with Super Resolution technology. Zoom distances past 3x zoom may express some image deterioration.
