

SAFETY DATA SHEET

1. Product and Company Identification

[Product name] Baby pink INK for UMN-155-28/38/05_AUS

[File No.] 305106E

[Date of issue] 2019/07/10

[Details of Manufacture]

Manufacture's name: MITSUBISHI PENCIL CO., LTD.

Address: 5-23-37, HIGASHIOHI, SHINAGAWA, TOKYO, JAPAN

Telephone number: 03-3458-6281 telefax number: 03-3450-0363
(Only office hour are available.)

[Details of Supplier]

Supplier's name: Mitsubishi Pencil Australia (ABN:31 085 515 671)

Address: 674 Lorimar Street, Port Melbourne VIC 3207

Telephone number: 03 9646 5630
(Only office hour are available.)

Emergency phone number: 03 9646 5630

2. Hazards identification

[Classification of the substance or mixture]

PHYSICO-CHEMICAL HAZARDS

Not applicable.

HEALTH HAZARDS

Acute toxicity(oral)	: Not classified
Acute toxicity(skin)	: Not classified
Acute toxicity(inhalation steam)	: Not classified
Skin corrosion/irritation	: Category3
Serious eye damage/Eye Irritation	: Category2
Respiratory sensitizer	: Classification not possible
Skin sensitizer	: Category1
Germ cell mutagenicity	: Classification not possible
Carcinogenicity	: Classification not possible
Toxic to reproduction	: Classification not possible
Specific target organ systemic toxicity(single exposure)	: Category1
Specific target organ systemic toxicity(repeated exposure)	: Category1
Aspiration hazard	: Classification not possible

ENVIRONMENTAL HAZARDS

Hazard to the Aquatic Environment (Acute)	: Category3
Hazard to the Aquatic Environment (Chronic)	: Classification not possible

[Label elements]

Pictogram

Signal Word : Danger

Hazard Statement : Causes mild skin irritation
: May cause an allergic skin reaction
: Causes serious eye irritation.

- : Causes damage to organs
- : Causes damage to organs through prolonged or repeated exposure
- : Harmful to aquatic life

Precautionary Statement

- : Do not breathe dust/vapours etc..
- : Do not eat, drink or smoke when using this product.
- : Avoid release to the environment.
- : Get medical advice/attention if you feel unwell.
- : Wash contaminated clothing before reuse.
- : IF ON SKIN: Wash with plenty of soap and water.
- : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- : IF exposed or concerned: Get medical advice/attention.
- : If skin irritation occurs: Get medical advice/attention.
- : If skin irritation or rash occurs: Get medical advice/attention.
- : If eye irritation persists: Get medical advice/attention.
- : Dispose in accordance with all current regulations and standards.

[Other hazards]

No information available.

3. Composition/information on ingredients

[The chemical product is a substance or a mixture]		Mixture
[Chemical nature]	[Component parts]	Ink
Chemical name	Cas No.	Concentration range(wt%)
Water	7732-18-5	50-80
1,2-Ethanediol	107-21-1	10-30
Triethanolamine	102-71-6	< 10

4. First aid measures

[Description of first aid measures]

- | | |
|--------------|--|
| Eye contact | : Flush eyes with plenty of water for at least 15 minutes. |
| | : Take off the contact lens if possible |
| | : Consult medical advice depending on the symptoms. |
| Skin contact | : Wash skin with soap and water for at least 15 minutes while removing contaminated clothing and shoes. |
| | : Consult medical advice depending on the symptoms. |
| | : Thoroughly clean and dry contaminated clothing and shoes before reuse. |
| Ingestion | : Rinse mouth, give plenty of water to dilute. No specific intervention is indicated as compound is not likely to be hazardous by ingestion. |
| | : Consult medical advice depending on the symptoms. |
| Inhalation | : Due to its low vapor pressure inhalation is unlikely at room temperature. |
| | : If not feeling well, move to an area of fresh air and rest. |
| | : Consult medical advice depending on the symptoms. |

[Most important symptoms and effects, both acute and delayed]

No information available.

[Indication of any immediate medical attention and special treatment needed]

No information available.

5. Firefighting measures

[Extinguishing media]	Regular dry chemical, carbon dioxide, water, regular foam
[Special hazards arising from the substance or mixture]	No further relevant information available.
[Advice for firefighters]	Stay upwind and keep out of low areas and avoid inhalation of material or combustion by-products. Wear suitable protective equipment.

6. Accidental release measures

[Personal precautions, protective equipment and emergency procedures]	Rope off the area to contain the leak and prohibit entrance except for authorized persons. Wear appropriate protection gear. Do not work in the leeward.
[Environmental precautions]	Collect leaked material in empty container after leading outflow to a safe area containing earth and sand. Do not allow leaked material to pollute rivers, lakes, etc.
[Methods and material for containment and cleaning up]	Wipe off by dry cloth and wash with water. Dispose of pollution or waste in accordance with national, state and local regulations.
[Reference to other sections]	No information available.

7. Handling and storage

[Precautions for safe handling]	Avoid contact with skin and eyes. Recap after use, and keep out of the reach of infants. Do not lick or swallow.
[Conditions for safe storage, including any incompatibilities]	Keep away from oxidizing materials, ignition sources, high temperature and direct sunlight. Use a container to fill up at the time of shipment. Recommended temperature : 0–40°C
[Specific end use(s)]	No information available.

8. Exposure controls/personal protection

[Control parameters]		
Chemical name	OSHA	ACGIH
1,2-Ethanediol	–	(STEL)100mg/m3
Triethanolamine	–	(TWA)5mg/m3

[Exposure controls]

Protective equipment	: Not required.
Respiratory protection	: Not required.
Hands protection	: Although not necessary in particular, persons with hypersensitivity are recommended to wear protective gloves in terms of contact protection.
Eye protection	: It is not particularly necessary, but the person of the erethism recommends in particular the wearing of protection glasses from an aspect of the contact defense.
Skin protection	: It is not particularly necessary, but the person of the erethism recommends in particular the wearing of protection clothes from an aspect of the contact defense.

9. Physical and chemical properties

[Information on basic physical and chemical properties]

Color	: Baby pink
State	: Liquid
Odor	: slight odor
pH	: about 6.5
Boiling point	: No information available. [Water 100.0°C]
Melting point	: No information available.
Flash point	: No information available. [1,2-Ethanediol 111.0°C]
Autoignition temperature	: No information available. [1,2-Ethanediol 398.0°C]
Explosion limits	: No information available.
Vapor density (air=1)	: No information available.
Density	: about 1.1
Solubility in water	: No information available.
Evaporation rate	: No information available.
Volatile	: >80%
[Other information]	No information available.

10. Stability and reactivity

[Chemical stability]	This mixture is stable in normal temperature and pressure.
[Reactivity]	No data available.
[Conditions to avoid]	Avoid heat, flames, sparks and other sources of ignition. Avoid direct sunlight and high temperature.
[Incompatible materials]	No information available.
[Hazardous decomposition products]	No information available.
[Possibility of hazardous reactions]	No information available.

11. Toxicological information

[Information on toxicological effects]

Acute toxicity (oral)	
Not classified	: >5000 mg/kg (estimate value)
Acute toxicity (skin)	
Not classified	: >5000 mg/kg (estimate value)

Acute toxicity(inhalation:vapours)

Not classified : >50 mg/L (estimate value)

Skin corrosion/irritation

1,2-Ethenediol : Category3

Triethanolamine : Category2

Serious eye damage/Eye Irritation

1,2-Ethenediol : Category2B

Triethanolamine : Category2A

Respiratory sensitizer

No information available.

Skin sensitizer

Triethanolamine : Category1

Germ cell mutagenicity

No information available.

Carcinogenicity

No information available.

Toxic to reproduction

No information available.

Specific target organ systemic toxicity(single exposure)

1,2-Ethenediol : Category1

Specific target organ systemic toxicity(repeated exposure)

1,2-Ethenediol : Category1

Aspiration hazard

No information available.

Hazard to the Aquatic Environment (Acute)

1,2-Ethenediol : Category3

Hazard to the Aquatic Environment (Chronic)

No information available.

12. Ecological information

[Results of PBT and vPvB assessment]

No information available.

[Other adverse effects]

No information available.

13. Disposal considerations

[Waste treatment methods]

Dispose in accordance with all current regulations and standards.

Do not allow it to flow into the drainages with waste fluid.

14. Transport information

[Transport hazard class(es)]	Not applicable.
[UN number, proper shipping name]	—
[Special precautions for user]	Check the container for any leakage. Load a cargo without a dropping or incurring damage, and take caution against collapse of container.

15. Regulatory information

No information available.

[Safety, health and environmental regulations/legislation specific for the substance or mixture]

Follow all regulation in your country.

[Chemical safety assessment]

Ink or lead are manufactured in accordance with "ISO 8124-3 :2010 Safety of Toys – Part 3"

16. Other information

- The information is based on our present knowledge at the date of its publication, and designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release.
- This shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
