

TOKN360

Smart, safe, connected and in control, wherever you are.

In these challenging and uncertain times our employees' wellbeing, health and safety have never been more important. While we are operating further apart, we need to be more connected than ever before. Adopting platform technology, TOKN360 gives you a suite of intelligent safety apps to capture all your interactions as they happen.

We want to be really connected to our mobile workforce, to keep them operating safely and make our business more productive.
