

HOUSTON VIP

Instructions for PHO IMPORT—CBF

You will need to import the file before each new funding quarter. WellSouth will advise when your import file is ready.

1. Go to the computer that runs HealthLink (probably your server).
2. Open Houston VIP.
3. Click on the **File** menu then select **PHO Import/Export >> Import >> ASR Report**.
4. Click the **Dial-out** and get the **Import** button

You will be presented with a message stating that "This process is for Funding Period 01/xx/20xx - 3x/xx/20xx. Do you want to continue to process it. Click the **Yes** button when you get this prompt

If you get a message "The practice ID doesn't match. Cannot continue the process" please contact [Houston Support](#)

5. Click the **View and Update VIP database from the PHO upload** button
